3 Year Funding (extended 30 hour entitlement)

Eligibility

Your eligibility depends on:

- if you are working
- your income (and your partner's income, if you have one)
- your child's age and circumstances
- your immigration status

You can get 30 hours free childcare at the same time as claiming Universal Credit, tax credits, childcare vouchers or Tax-Free Childcare.

If you are working

You can usually get 30 hours free childcare if you (and your partner, if you have one) are:

- in work
- on sick leave or annual leave
- on shared parental, maternity, paternity or adoption leave

If you're on adoption leave for a child aged 3 to 4 years old, you must return to work within 31 days of the date you first apply for 30 hours free childcare for that child.

If you are not currently working

You may still be eligible if your partner is working, and you get Incapacity Benefit, Severe Disablement Allowance, Carer's Allowance or contribution-based Employment and Support Allowance.

You can apply if you're starting or re-starting work within the next 31 days.

Your income

Over the next 3 months you and your partner (if you have one) must each expect to earn at least:

Funding

- £1,976 if you're aged 23 or over
- £1,909 if you're aged 21 or 22
- £1,420 if you're aged 18 to 20
- £1,000 if you're under 18 or an apprentice

This is at least the [National Minimum Wage or Living Wage](#) for 16 hours a week on average.

You can use an average of how much you expect to earn over the current tax year if:

- you work throughout the year but do not get paid regularly
- you're self-employed and do not expect to earn enough in the next 3 months

If you're self-employed and started your business less than 12 months ago, you can earn less and still be eligible for 30 hours free childcare.

For example, you're eligible if you're aged 23 or over and you earn £7,904 a year from irregular payments. This is the same as earning £1,976 every 3 months on average.

Certain types of income will not count towards the minimum amount you must earn to be eligible.

These include:

- dividends
- interest
- income from investing in property
- pension payments

If you or your partner have an expected '[adjusted net income](#)' over £100,000 in the current tax year, you will not be eligible.

Your child

You will not be eligible if your child does not usually live with you.

If you foster your child, you cannot use the online application to get 30 hours free childcare. Speak to your social worker and your [local authority](#) if you want to apply.

Your immigration status

To be eligible for 30 hours free childcare, you must have a National Insurance number and at least one of the following:

- British or Irish citizenship
- [settled or pre-settled status](#), or you have applied and you're waiting for a decision
- permission to access public funds - your UK residence card will tell you if you cannot do this

If you have a partner, they must have a National Insurance number too.

What happens if a parent loses eligibility?

- They will receive a "grace period" – this means they will be able to keep their childcare for a short period.

Once the "grace period" has lapsed, the parent may be entitled to the universal 15 hour entitlement.

Attendance

Funded places are much sought-after and there is often a waiting list for spaces therefore when a child's attendance causes us concern the following procedure will be followed:

- A meeting will be called with the parents / carers to discuss their absences and set a plan to help it improve, this plan will detail the required percentage attendance increase and what will be done by us and what has been agreed that the parents / carers will do. This plan will be put in writing to the parent / carer and require a signature – one copy to be kept in the child's file and one for the parents / carers reference.
- If no improvement is seen over the next 4 weeks then the child's place will be cancelled, this will take place with immediate effect and be put in writing to the parents.
